

**MINISTRY OF BLUE ECONOMY, MARINE RESOURCES, FISHERIES
AND SHIPPING**

VISION

To make the Blue Economy an important pillar to sustain economic diversification and growth, having due regard to the conservation of marine ecosystems.

MISSION

To strengthen governance and harness the marine resources in our Exclusive Economic Zone for fostering sustainable development in contribution to human well-being, food security and poverty alleviation.

VISION OF FITEC

To be the reference centre specialising in the development of fishermen for off lagoon fishing in line with the ministry vision of sustaining aquatic resources & enhancing interest of all stakeholders.

FISHERIES TRAINING AND EXTENSION CENTRE (FiTEC)

Quality Policy

We, at FiTEC, are committed to provide training services and capacity building to fishermen of the fisheries sector that includes safety and security at sea, the protection and conservation of marine resources and the supply of safe and quality fish and fish products to consumers in line with the ministry's vision to become and maintain economic pillar while meeting the requirement of SDGs based on the local vision 2030.

We shall comply with the requirements of applicable statutory and regulatory as well as other relevant interested parties including the current applicable ISO 9001 Standard for continual improvement of processes, accountability and enhancement of customer and certification bodies' satisfaction through evaluation of set quality objectives, audits, training evaluation and feedbacks.

This policy shall be communicated, understood and applied within FiTEC and shall be made available to relevant interested parties.

This policy shall be reviewed on an annual basis to ensure its continuing suitability and effectiveness.
